

2025 IMPACT REPORT

As we reflect on 2025, we are proud to share this impact report, a reflection of how we've been called to serve our community's most vulnerable while living out the mission of Christ's teachings each day. Grounded in faith, we see this work as more than service. It is a response to the Gospel call to love our neighbors, to meet people where they are, and to walk alongside them with understanding and humility.

We invite you to explore the stories and the numbers that reflect our commitment to Broome County. Together, with the community and guided by faith, we continue working toward a future where every person is met with respect, dignity, and compassion.
