LETTER FROM THE DIRECTOR

Dear Community Members,

I am pleased to present our 2023 Annual Report. I worked on putting this together, I couldn't help but think of the fact that this will be my last one! After 44 years of work at Catholic Charities, I have decided to transition to the next phase of life with more leisure and time with my family.

From an agency of 60 staff and an operating budget of \$22 million, we have grown to a workforce of 380 and a budget of \$22 million. Over the past decades, I have been privileged to witness the evolution of service systems for those with mental illness, intellectual/developmental disabilities and family and youth programming. The positive changes have included incorporating personal lived experience as part of our workforce, which has enriched our agency immensely. The future holds many opportunities and promise for people of all abilities to continue in our pursuit to assure that everyone in our community has the basic necessities and support to live the life of their dreams. Our efforts continue to help poor bridge and move out of poverty. We are "Emerging Stronger Than Ever" after several years of experiencing the impact of COVID 19. This included not only the challenges of a world wide pandemic but also new ways of delivering services including telehealth, meetings and ways to access support remotely.

Who We Are

Programs

What You Can Do

Agency News & Publications

As I take my leave, I couldn't be prouder to be a part of a wonderful family of Catholic Charities and to see a new generation of leaders take hold in preparation for new adventures in servant leadership and ministry to the community. I give thanks for all that has been accomplished in the past year and look forward to new and great developments in the future. I appreciate all who have been a part of this mission: our staff, volunteers, board members, donors, funders and supporters. For the honor of serving the community who have turned to us in their hour of need, I will remain eternally grateful.

Sincerely,
Lori Accardi
Executive Director

DEDICATION

On the morning of the Centennial Mass Celebration at the Cathedral of the Immaculate Conception, we lost a great leader and voice for the poor in the passing of Monsignor Charles Fahey. First directed to become the Assistant then Director for Catholic Charities in the Syracuse diocese, Msgr. Fahey nurtured an organization that provided foster care and some elderly services into a decentralized organization serving Central NY. From the creation of 5 diocesan nursing homes in the Syracuse area and Christopher Community Services, he moved to a 20-year long career in aging services where he served on the Federal Council on Aging during the terms of Presidents Nixon, Ford and Carter. His signature statement at the close of each meeting that he presided over was: "Peace and all good things," a legacy that he left for all of us.

NEWS FROM THE DIOCESE

CELEBRATING 100 YEARS OF SERVICE

On November 5, 2023, Catholic Charities of the Diocese of Syracuse NY concluded its year-long celebration of 100 years of service to the poor by holding a special Mass celebrated by Bishop Douglas Lucia at the Cathedral of the Immaculate Conception in Syracuse. The Mass was attended by agency leadership, staff and members of the six Area Offices and honored the vision of Catholic Charities for the past 100 years. A reception was held at the gathering place in the Cathedral, where a program was presented and local legislators spoke about the great work that has been done over the years. It was especially poignant to note that a revered leader of Catholic Charities, Msg. Charles Fahey, passed away the morning of the celebration at the age of 90.

2023 YEAR IN REVIEW

WE CELEBRATED 40 YEARS AT THE FOUR SEASONS CLUB

On May 18, the Four Seasons Club celebrated its 40th anniversary with a party which included Four Seasons Club members, Harvey Rosenthal and staff of Allia Rights and Recovery, Jason Garner, County Executive, as well as agency staff. Speakers reminisced on the many memorable Club events and important ways it has impacted its members and staff over the years. A series of photos taken over the years was on display for everyone's viewing pleasure. The Club continues to be that place where members can belong and when they are not there they will be missed. It was commented that the feeling of love in the room was very strong.

WE REUNITED AT OUR FIRST IN-PERSON PICNIC IN YEARS

After several years of holding virtual agency staff picnics, we were able to gather in person to celebrate the end of the summer days. While our plans to get together at Onondaga Park were scuttled by a rain downpour, St. Vincent's Church graciously hosted us inside at their parish hall at the last minute and saved the day!

WE SHUT OUT HUNGER AT BASEBALL BINGO.

On July 23, Catholic Charities presented an event, Baseball Bingo, in conjunction with the Rumble Ponies. Promoting this event included a commercial filmed by the Four Seasons Club. Volunteers of the food pantry were at the game where attendees were able to play bingo during on ball game happenings. Total cash prizes made available were \$5,000. The event raised over \$8,000 to support food pantries.

WE FINALIZED A PENSION BUYOUT TO STRENGTHEN OUR PLANS.

During 2023, after almost 20 years of being frozen, we were able to terminate our Defined Benefit Pension Plan and to pay out or arrange for annuities for over 200 employees who were participants. This removed a significant financial burden from the agency and will allow resources to be redirected to the 401K pension plan.

WE LAUNCHED THE LOVE, HOPE AND SERVICE SOCIETY TO SUPPORT FUTURE GENERATIONS.

In 2023, we announced the establishment of the Love, Hope and Service Society. The LHS Society enables individuals to leave a piece of themselves in this world as a way to provide a message of love, hope and service to future generations. Providing for Catholic Charities in your will through a bequest, donating through your IRA or 401(k) Required Minimum Distribution (RMD) or through stock donations are all ways to help. Find out more information by visiting our Planned Giving website at CCBCLegacy.org.

Carol Crimmins

EMPLOYEE RECOGNITION

WE CONGRATULATE OUR 2023 MVPs (MISSION VALLANT PEERS)

In 2023, Catholic Charities of Broome County was able to implement a new Employee Engagement Committee. Taking the Diocese of Syracuse's Code of Ethics as a guide, a group of 10-12 CCBC employees meets monthly to develop ways to promote a positive workplace culture to help the workforce connect more deeply with our mission. One recent committee initiative is a new Catholic Charities Chatter, where divisions can share programs and projects.

Who We Are

Programs

What You Can Do

Agency News & Publications

and the agency can recognize employee milestones. Committee looks forward to seeing the results of its brainstorming sessions in 2024.

CAROL CRIMMINS: ADMINISTRATION DIVISION'S MOST VALUED PEER

This MVP works determinedly to accomplish all that is to be done. She is always helpful to others, whether her peers or agency staff that call with complex questions regarding their compensation. She consistently demonstrates her skill of managing multiple projects while processing the relentless "show must go on" duty of biweekly payrolls. All of her work is done with a smile and a confident attitude.

MICHELLE DOW: YOUTH, FAMILY & COMMUNITY DIVISION'S MOST VALUED PEER

This MVP works tirelessly each and every day to meet the needs of those in our community and does so with grace despite whatever curveballs may be thrown her way. She has built and maintains relationships with the members of our community; that are sometimes put to the test when we are calling on others to help us serve. She has never hesitated in seeking assistance from and collaborating with others when we find ourselves in need, and because of her dedication, positivity and ability to empower others, she seldom (if ever) told no. She has been a large part of Catholic Charities for the past 17 years, and has a vast knowledge about the community, its programs, and how we can all work to best help others. She does not hesitate to share her knowledge with others and has the unique ability to make people feel as though they matter despite whatever their situation may be and consistently goes above and beyond to do so. The strength and resilience that she shows each day as she provides services to our clients, staff, and community is admirable and her desire to always empower others to help eliminate poverty and injustice is something that many people look up to her for. She prioritizes the needs of those she serves before her own, and ensures a compassionate atmosphere that is welcomed by both those who seek assistance at the pantry and the volunteers that also give their time each day. She is truly an outstanding staff member who puts forth her very best effort in whatever is asked of her and fully exemplifies what it means to be a Mission Peer.

THERESA JONES: RESIDENTIAL DIVISION'S MISSION VALUED PEER

This MVP is dependable and will often flex her schedule to accommodate the needs of the program. She also makes herself available to other sites whenever they need her. Theresa is always cheerful and will do anything to make the lives of the Residents better. She always strives to find affordable activities for the ladies at the IRA to do. Theresa has been a valuable part of the Firth Street IRA Team for the past 13 years, and an asset to the Residential Division. Her dedication is incredible!

BONNIE KACMAR: COMMUNITY HEALTH SERVICES DIVISION'S MISSION VALUED PEER

This MVP is kind and helps others in the office who have questions. She is a hard worker, goes the extra mile for both Clients and Staff and has been an integral part of the PSA Team for almost ten years. In her role as rep-payee counselor, she often is faced with situations that are not only difficult but also the outcomes often determine if a client's basic needs are met. She manages these situations with ease, professionalism but more importantly, a heart filled with compassion, that she displays on a daily basis. This is one of the many reasons why her clients and coworkers hold her in such high regard and value her contributions to both the client's lives and the PSA Team as a whole. She works tirelessly to improve every difficult situation and her tenacity as an advocate has earned her the respect of her clients and has crowned her as the matriarch of the PSA team. Her work is impeccable and sets the standard that all payees in the PSA program are expected to follow. Through her years of service in our program, she has mentored numerous staff members on both the technicalities of the job as well as on a personal level. She is so much more than a Rep Payee counselor for our program. She is a valued and consistent coworker, but more importantly she is a friend to all of us. Having her in our team makes all of us better and she is part of the glue that holds the PSA team together.

THE ICF STAFF: TEAM-MVP AWARD

This outstanding Team went above and beyond to provide services this year despite multiple challenges. Commitment, hard work and working extra shifts became a normal occurrence for this team, and they did whatever they could to ensure the Residents were cared for. This Team worked tirelessly this year to provide direct care, plan and coordinate treatment for everyone who lived at the residence with the utmost respect. They worked very hard to be the best advocate care givers and role models to the Residents, all while enduring staffing shortages and working continuously.

make improvements within the site. Despite it all, Team managed to give the best of themselves to the and the special people that lived there.

WHAT'S AN IRA?

Individualized Residential Alternatives (or IRAs) : residences that house 3-5 individuals and provide support in residential habilitation. They're designed to encourage skill development, community integration, independence of children and adults with Intellectual/Developmental disabilities. The staff supports residents by teaching skills such as:

- self administration of medication;
- socialization and communication;
- functional skills;
- self advocacy;
- behavior skills;
- motor skills;
- and skill development for vocational or educational activities;

The main goal is to assist individuals in living full lives. We want to give them all the tools and the toolbox they need to meet their wants and needs.

PERSONALIZED ASSISTANCE

The key to this program's success is building relationships and taking the time to build a connection with each individual. Eileen Mallon (IRA Supervisor) says, "We try to incorporate whatever each individual's interests are. Whether it's getting involved with Special Olympics, horseback riding, or writing books, each individual is encouraged to pursue their passion."

GET INVOLVED!

Who We Are

Programs

What You Can Do

Agency News & Publications

As a community, there are many opportunities to get involved. We encourage local companies to welcome individuals inside their business for job skill training and/or hiring. We've had residents do wonderful work filling drinks and bussing tables at restaurants, bagging groceries, and more! As Eileen emphasizes, "we're all people and we all deserve to be included in the community."

PROGRAM SPOTLIGHT: RETIRED & SENIOR VOLUNTEER PROGRAM (R.S.V.P.)

Catholic Charities: RSVP

Riveo Creative

02:30

WHAT IS R.S.V.P.?

The Retired & Senior Volunteer Program (R.S.V.P.) matches the personal interests and skills of older Americans with volunteer opportunities to serve their communities. R.S.V.P. also offers exercise program, telephone reassurance program called “Good Morning Broome.” Volunteers in this program make calls to Catholic Charities clients who are homebound. They aim to reduce isolation and also make sure that they’re safe.

IN CONVERSATION WITH OUR VOLUNTEERS

WHAT LED YOU TO JOIN THE R.S.V.P. PROGRAM?

“Mostly during the pandemic, I was isolated... And I was reading a lot of articles about isolation and socialization. And I thought, now that I’m retired, I can call people and talk to them on the phone, and just to say hello, or just to make sure they’re safe... I just enjoy talking to them and helping them out.”

Who We Are

Programs

What You Can Do

Agency News & Publications

all about their lives. We talk, we become friends. It's rewarding to me. And I think it's really meaningful to have people I call, the clients I talk to."

WHAT DOES A TYPICAL VOLUNTEER SHIFT LOOK LIKE FOR YOU?

"I usually have phone calls Monday through Friday, one week a month. And during that time I make phone calls from eight in the morning till 10 o'clock. Usually, I have about eight people I call, they're always the same people so that I end up having a good relationship with them."

ARE THERE ANY STORIES THAT STICK OUT TO YOU?

"I have a woman that I talk to, one of the clients, and whenever we finish talking, she always says, 'Can I have with you the giggle of the day?' So I say 'Sure, yes, I love to hear it.' And she usually tells me a joke. And we laugh about it. It's a wonderful way to end our conversation. She's so funny. And I laugh and I think everybody needs to laugh in the morning early. It's a way to wake up."

INTERESTED IN VOLUNTEERING? ▶

COMMUNITY HEALTH SERVICES

Every day our care managers are in the local community reaching out to our clients in individual ways. They show amazing patience, kindness and concern for meeting the needs of those who struggle to live with a mental illness and/or severe chronic medical conditions and do so with few resources. They are making an impact every day through the relationships they have developed and trust they build helping to motivate clients to grow and seek a healthier life.

Each year the care management program also hosts a Health Fair at our 290 Front street location bringing care vendors on site to educate and promote health.

Our staff also willingly sponsor a special Thanksgiving dinner for all Health Home members as well as take them to the event, serve and clean up. This is an important event to participate in and we are fortunate to be able to provide such a special time for staff and members.

For more information about Community Health Services, call 723-9991 or visit catholiccharitiesbc.org/programs/health-home.htm

Our Mental Health Services provide supportive environments which enhance the development of independent living skills. Some of the services we can provide include:

- home visits and medication monitoring
- peer support groups
- support to obtain and sustain integrated, competitive employment
- assistance with budgeting, money management, payment of bills
- social, wellness, and educational activities

For more information about Mental Health Services visit catholiccharitiesbc.org/programs/mental_health/

NOTABLE HIGHLIGHTS FROM 2023

- The Four Seasons Club celebrated its 40th anniversary
- Protective Services for Adults and Rep Payee piloted a change from issuing paper checks to VISA debit cards. 64 individuals have transitioned

PROGRAM SPOTLIGHT: ADULT CARE MANAGEMENT

PROGRAM OVERVIEW

Adult Care Management assists individuals in their recovery journey, utilizing person centered practice best practice health promotion services. Our Care Managers oversee and coordinate access to needed services ensuring that all needs are addressed in a comprehensive manner.

CARING RELATIONSHIPS THAT HELP HEAL

Jesse started his care management services on an Ambulatory Outpatient Treatment (AOT) Order in July 2022. His Care Manager was required to meet with him 4 times a month for a year. During that time he focused on his mental health. The Care Manager assisted him with appointments both mental and physical and also helped Jesse become independent.

Jesse initially resided at Transitional Living Residence at Greater Binghamton Health Center, but he is now living by himself with housing supports through Catholic Charities.

Being mentally healthy, he was able to complete his AOT Order in a year, make friends for the first time, and attend free computer classes online. His relationship with his family members grew stronger. He feels he has his support and even visits them regularly. He recently returned from Columbia, South America where he has been 6 weeks going to classes and making friends with people over the world.

Who We Are

Programs

What You Can Do

Agency News & Publications

Jesse's father made a point to personally thank the Manager. He's grateful that due to her and the care management services, his son is mentally healthy for the first time as an adult.

Jesse understands that by continuing taking his medication, he will continue to be mentally healthy, happy living independently with real friends. Jesse has his driver's license and is working towards getting a vehicle and obtaining employment.

Agency News & Publications

CREATING A SAFE SPACE

The Stepping Stone Drop-In Center acts as a safe, low-demand environment for people with self-reported mental health issues. The program appeals to individuals who have not been comfortable participating in other mental health programs with requirements for attendance and active participation.

The Drop-In Center provides opportunities for social interaction with peers and support from Peer Specialists including self-help groups, one-on-one support, and community projects and outings.

The trained and certified Peer Specialists have lived mental health experience and are key to making people feel comfortable. One of our Peer Specialists, Seane Beane, explains "As peers, we don't tell people what to do. We don't give them advice, but we can tell them what might happen in a certain situation that might mirror their own situation." Knowing they have been through some similar experiences helps people to open up. However, there's no expectation to do so – anyone is free to come in and sit on a couch or have a bite to eat. It's all about giving people a safe space to go.

WHAT DOES A TYPICAL DAY LOOK LIKE?

Brandon Campbell (Peer Specialist and Drop-In Supervisor) says, "Any day can be different. We can have a very quiet day where only a couple people will come in, we can have a day where we hit 20, maybe 30 people. There could be days where nobody needs help... Or there could be a day where somebody walks in and they just get evicted. There's just no typical day."

LOOKING AHEAD: A SEASON OF CHANGE**Who We Are****Programs****What You Can Do****Agency News & Publications****CHANGING OF THE GUARD**

In 2024, there will be a changing of the guard as our CEO Lori Accardi transitions into retirement after 15 years and Tonya Brown, currently Deputy Director, assumes a new role as Executive Director. Lori has spent her career at Catholic Charities focusing initially on building a community support system for mentally ill adults and program development across a variety of services systems while developing agency structure to respond to the variety of community needs present. Lori has been active at the state level in chairing the Regional Committee of the Mental Health Services Council and as leading the Behavioral Health Committee for the Catholic Conference.

Tonya initially joined the agency in a role designed to coordinate children's services systems in Broome County while promoting the role of parents and the family in supporting children at risk of foster care and psychiatric hospitalization. She has spent the last 15 years in the Deputy Director role and has led a variety of operational initiatives in the areas of children's services while developing administrative structures to allow Catholic Charities to continue to grow and meet the ever-changing needs of people in our community.

RELOCATING AND EXPANDING

Other planned happenings in 2024 will include the relocation of two of our Individualized Residential Alternative homes to the former Intermediate Care Facility (ICF), Our Lady of Hope, which closed in December 2023 due to a staffing shortage. This will allow for individuals to move to a barrier free, more spacious facility. The Assertive Community Treatment Team is also applying to expand from a 68 slot team to 100 in order to build in a step down level of care.

NEW OPPORTUNITIES

The agency has a bright future which will include participation in the new 1115 waiver that will provide funding for current and new services for Medicaid recipients, exploration of how new technology such as Artificial Intelligence (AI) can help enhance service delivery, continued pursuit of new ways to support staff and thousands of people who turn to Catholic Charities each year in their time of need.
